

Product and Service Overview with Examples

This super wide angle photo of the entrance of SterKine Kor's WonderPark and the pictures of the backlite panel incorporating poster boxes with an option of clip frame or magnetic strip front overlay options show the diversity of work undertaken by QuePosts.

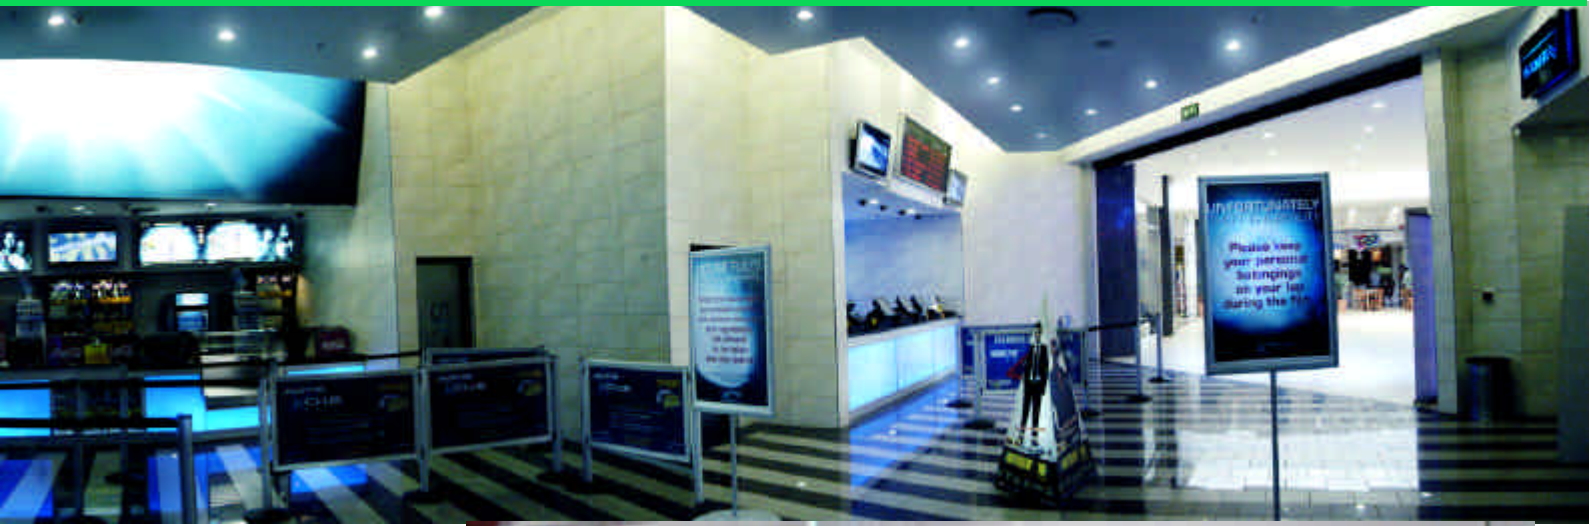

Making The Difference At The Point Of Sale - Light Display Box's and Frames

The type of work, products and clientele may seem at first to be extremely varied and diverse, it can be better understood by understanding QuePosts' roots and skills as set out in the introduction. With the knowledge and experience in larger retail areas, the integrated frame and light box system developed at the request of the client gives off a feeling that draws the onlooker into the cinema foyer. In similar

centers, the fast-moving fashion retail trade abounds, each one crying out for the attention of the customer. The large malls and high street shops have the unique problems and needs, and by their nature are sensitive to style, quality, cost and delivery. QuePosts have to meet all these requirements with the highest level of consistency to service large retail chains.

Both frames and graphic hanging systems supplied by QuePosts. The chains in house staff easily undertake the merchandising and changing of artwork.

An old word grace is lent to this club interior by the polished metal and lush Burgundy rope

Making Public Areas Private

The inside of exclusive nightclub has their unique problems and opportunities. This club uses the queue post to make public areas private, but still allowing patron the openness and accessibility to be able to enjoy them - an elegant solution for an age-old problem!

A Sandton up-market café with a take away, next to a high traffic walk-way use Que Posts Auto Belt system to demarcate their area.

The standard bank gallery was overwhelmed by the popularity of the Picasso exhibition to the extent it had to buy in queue posts system from QuePost to solve the problem of large numbers of people attending this exhibition.

Elegant, Stylish - Arty & Crafty

Wherever the public gather in large numbers the problems of crowd or customer control must be addressed and in particular the area of the arts have the own unique problem even if people are herded it must be in an elegant and stylish manner otherwise the it could have a bad taste in the mouth of the public this in turn negating money laid out by sponsors or alienating the public from specific venues. QuePost queueing systems are to be found throughout the venues for both the visual and performing arts.

The Market Theatre, Museum Africa and the famed Gramadulas restaurant form key elements of the Newtown cultural precinct all use Que Posts queueing systems.

Dealing with the Public in Public Places

Any place where there is a need to deal with the massed public on a one on one basis, it is necessary to filter the individual through the system in a timely, fair and dignified manner. Gone are the old days with the take it or leave it attitude of the old bureaucrats and institutionalised zombies, people are demanding quicker better service and QuePosts are proud to play their part in solving these problems. By being the industries leader in both innovation and quality QuePosts can offer: **PRODUCT & SERVICE THAT'S ALWAYS ON "Q".**

Many of the major financial institutions are extremely aware of the importance of their public image, that's why they chose QuePosts.

Due to obvious security considerations QuePosts queuing systems are unable to show off many of their installations but as can be seen by their client list many of the major financial institutions and areas of government use their product.
